Stop Fire Line

Articles approved in **class I of reaction to fire**.

This line is made up of modacrylic and polyester bedspreads, with different models and designs, each one in multiple variations: they can be made

both in the classic cut and in the “box fitted” version, with rounded corner fold bottom and perimeter seam on the bed surface; padded quilts that can be made in the same designs, colors and models; modacrylic blankets of different weights, from 350 to 500 gr/sqm, in plain colors, available both in the classic

brown and ivory variants and in the ever-current pastel colors; fireproof duvet with polyester Inside, available in both white and dove gray, checked quilted; pillows, also with **Med RINA certification** for the naval sector, flame retardant mattress covers and pillowcases complete the bedroom set-up.

Contract Line

Non-fireproof articles, with excellent value quality / price, they are ideal for supplies.

This line is made up of pure wool and wool blend blankets; linen in cotton satin and percale,

available in different designs and colors, also customizable; cotton bedspreads available in multiple colors.

Accessories Line

Non-fireproof items.

Duvet, flannel, under tablecloth, mattress

covers and pillows complete and integrate the other lines, completing the setting up of the spaces.

Wide choice and possibility of various customizations, always with a particular eye to safety.

SAFETY AND STYLE.

The CONTRACT KIT was created to support the sale and make the presentation of the line simple and effective.

As a complete, practical, compact and easily transportable sales tool, the kit is made up of expwooltory sample folders, elegantly set up, which illustrate a dynamic and versatile

collection in an immediate and intuitive way. Finding the ideal solution to satisfy every taste and style need becomes simple and practical, making the negotiation with the customer pleasant and successful.

Once you have requested the kit, you will

then have the certainty of always being up to date with changes and additions: every year an update is created with which you can update your kit, making it always current.
